

The SEBCC Young Entrepreneurs Program 2021

What is the SEBCC School Young Entrepreneur Award?

SEBCC supports school our members through our young entrepreneur award. This year we will be selecting 4 students to be our Young Entrepreneurs of the Year. The students are judged on initiative, determination and commitment to their business idea. These are the life skills that any young entrepreneur needs to be successful in business.

The winners are prompted through the chamber to the local business community and political representatives, as well as to Commerce Queensland. These awards can provide the steppingstone for students to commence the path toward their business dream.

How do you enter?

If you're a student who has an idea that they think can be transitioned into a functioning business, we want to help you achieve your dream. Simply fill out the registration form, tell us about yourself and your business and your vision for its future. We believe that ideas are just the start and we want to help you flourish them into real-world functioning businesses. We encourage parents and teachers to help students with this process to help them create their vision.

If you think you have the next Canva or Orange Sky, we'd like to help you to achieve your dream!

What you could win:

Our 4 selected winners will gain access to the BOP Young Entrepreneurs Hub Incubators Day, run by Scott Millar, the first winner of the SEBCC Young entrepreneurs' program. After Scott won our young entrepreneurs award in 2017, he went on to start his very own tech start-up. Since launching the education space in 2018, Scott and his team have worked with over 40,000 students in over 36 locations around the world as they help young people develop their 21st-century skills around entrepreneurship, innovation, and STEM to prepare them for the workforce of the future. Scott has featured in many magazines and has even presented his very own Ted Talk.

The lucky students who win this award will take part in a day-long workshop held at the Young Entrepreneurs Hub and will create a great opportunity for to spark their ideas into real-world businesses.

Over the course of the day, students will be working with the BOP team to develop their business idea and build a launch strategy. Throughout the day they will be hearing from entrepreneurs, subject matter experts, and advisors as they gain real world knowledge to apply to their businesses.

When the winners will be announced:

Registrations close on the 1st of September. The chamber will select from a set of students to present at the September Breakfast at Sunrise. Winners will be announced on the 5th of October and will present their ideas to the SEBCC Breakfast at Sunrise Event.

Application Form Details

By signing this application form to participate in the SEBCC Young Entrepreneurs Program 2021, you agree to the terms and conditions stated in regards to the competition rules.
